Final College Grievance & Maintenance Taxonomy

A comprehensive, highly structured department-wise grievance and maintenance reporting system tailored for relational databases and dynamic web implementation.

System Implementation Blueprint

1. System Architecture & Important Rules

Data Hierarchy Framework:

Department → Category → Subcategory → Specific Issue → Building/Facility → Exact Location → Issue Type

CORE TAXONOMY RULES

- Every department is strictly structured into Categories, Subcategories, and specific, selectable problems.
- Problems must be linked dynamically to the appropriate building/facility and exact location via conditional dropdowns.
- **Issue Type** is a distinct field classifying the operational nature of the request (e.g., Maintenance, Cleaning, Equipment Failure).
- **Excluded Domains:** Academics, Teaching, teaching quality, attendance, marks, examinations, grades, and academic submissions are strictly excluded from this system.
- **IT Restrictions:** Student portal login, password resets, account activation/locking, and academic portal access are excluded and must be handled offline by relevant authorities.
- **Consolidated LRC:** Library, learning resources, study areas, and LRC computer laboratories function as a single department.
- **Specialised Transport:** A dedicated department manages all college bus services, particularly for day scholars commuting to campus.
- A fallback **General / Other Issues** department captures unstructured reports.
- System structure must support stable relational database IDs and dependent web dropdowns.

PRIVACY, SAFETY & ROUTING PROTOCOL

- **Emergency Exception:** Immediate threats, fire, serious injury, or unsafe driving must bypass the standard queue and be routed directly to emergency/security contacts.
- **Sensitive Handling:** Complaints involving harassment, discrimination, intimidation, or staff conduct have strictly restricted access and must never be visible on public feeds.
- **Facility Verification:** Unconfirmed building names are marked with **Confirm Official Name** or **Confirm Availability** and must be updated by admins prior to system launch.
- **Administrator Controls:** Department and category lists, alongside misclassified report routing, remain editable by authorised system administrators.

2. Department-Wise Grievance Catalogue

DEPARTMENT 1: HOSTEL & RESIDENTIAL SERVICES

Purpose: Room maintenance, hostel infrastructure, washrooms, common facilities, housekeeping, and residential services.

Category / Subcategory	Specific Selectable Issues

Computers & Print	Computer not starting Running slowly Freezing Monitor not working Keyboard/mouse damaged Printer offline Paper jam Not printing Scanner not working Equipment unavailable
Software & Infrastructure	Approved software unavailable Software malfunction Cable/adaptor damaged Display connection issue Router faulty Access point faulty Switch malfunction Equipment overheating Facility unavailable

DEPARTMENT 6: LRC — LIBRARY, LEARNING RESOURCES & LRC LABS

Category / Subcategory	Specific Selectable Issues
6.1 Books & Learning Resources	
Books & Borrowing	Book unavailable Insufficient copies Missing from shelf Incorrect shelf location Incorrect catalogue info Book issue problem Return problem Incorrect record Due-date discrepancy
Digital Resources	E-book unavailable Digital resource unavailable Incorrect listing Access not working
6.2 Library Infrastructure & Study Spaces	
Furniture & Facilities	Chair damaged Study table damaged Bookshelf damaged Insufficient seating Space unavailable Light not working Fan not working AC not working Poor ventilation Wi-Fi unavailable Socket damaged

DEPARTMENT 7: CAMPUS INFRASTRUCTURE & GENERAL MAINTENANCE

Category / Subcategory	Specific Selectable Issues
7.1 Civil & Structural Maintenance	
Walls & Pathways	Wall crack Plaster damage Ceiling damage Water seepage Roof leakage Broken floor tile Uneven flooring Door damaged Window damaged Broken glass Faulty lock Damaged handrail/railing Road damage Pothole Broken pathway Uneven surface Waterlogged pathway
7.2 Electrical & Lighting	
Lighting & Safety	Corridor light not working Staircase light not working Common-area light faulty Emergency light not working Streetlight not working Parking light faulty Sports light faulty Poor pathway lighting Switch damaged Socket damaged Power outage Exposed wire Sparking Repeated failure
7.3 Water Supply & Drainage	
Plumbing & Drains	Drinking-water point unavailable Cooler faulty Filter faulty Dispenser not working Suspected unsafe water Pipe leakage Tap leakage Low pressure No supply Supply interruption Blocked drain Overflowing drain Waterlogging Sewage overflow Unpleasant smell
7.4 Cleanliness, Waste & Pest Control	
Housekeeping & Pests	Common area not cleaned Corridor not cleaned Staircase not cleaned Washroom not cleaned Outdoor area not cleaned Waste bin overflowing Waste not collected Litter accumulation Improper disposal Mosquito problem Insect infestation Rodent problem Pest-control request
7.5 Accessibility & Shared Facilities	
Access & Signage	Ramp damaged Accessible route blocked Lift not working Difficult access Railing damaged Handrail loose Emergency exit blocked Emergency signage missing Directional sign missing Incorrect building sign Damaged signboard Facility info unclear

DEPARTMENT 8: SPORTS, GYM & RECREATION

Category / Subcategory	Specific Selectable Issues
8.1 Outdoor Sports Facilities	
Field & Grounds	

DEPARTMENT 9: HEALTH, WELL-BEING & SANITATION

Category / Subcategory	Specific Selectable Issues
9.1 Medical Room & 9.2 Public Health	
Medical & First-Aid	Medical room unavailable Facility issue Equipment faulty First-aid supplies missing Expired supplies Damaged equipment Required supplies unavailable
Sanitation & Environment	Sanitation concern Unclean shared facility Waste accumulation Unpleasant smell Suspected unsafe water Mosquito breeding Pest-related health concern Campus hygiene concern
9.3 Well-being Support Access	
Support & Information	Counselling info unavailable Support-service info unclear Contact info outdated Appointment access issue Facility unavailable Well-being suggestion

DEPARTMENT 10: SAFETY & SECURITY

Restricted Visibility: Sensitive safety complaints must be routed securely to authorised reviewers and hidden from public feeds. Emergencies bypass this system entirely.

Category / Subcategory	Specific Selectable Issues
10.1 Security & Access Control	
Entry & Residential	Gate security concern Visitor verification issue Unauthorised entry concern Access equipment faulty Hostel access-control issue Hostel security fixture damaged Security procedure concern
10.2 CCTV & Security Lighting	
Cameras & Lighting	CCTV not working Camera offline Equipment damaged Coverage concern Security light not working Poorly lit pathway Poor lighting near entry
10.3 Fire & Emergency Safety	
Equipment & Routes	Extinguisher missing Extinguisher expired Fire alarm faulty Safety equipment damaged Emergency exit blocked Signage missing Emergency light faulty Route obstructed
10.4 Physical Safety & Security Incidents	
Hazards & Incidents	Broken railing Unsafe flooring Exposed wire Damaged staircase

DEPARTMENT 12: FINANCE, FEES & SCHOLARSHIPS

Category / Subcategory	Specific Selectable Issues
12.1 Fee Payment & Receipts	
Payments & Receipts	Payment failed but debited Payment not reflected Duplicate payment Duplicate charge Incorrect fee amount Receipt not generated Incorrect receipt Receipt details incorrect Confirmation unavailable
12.2 Fees, Refunds & Penalties	
Fees & Refunds	Fee amount unclear Unexplained charge Late fee discrepancy Incorrect penalty Refund delayed Refund status unavailable Refund discrepancy Duplicate deduction concern
12.3 Scholarships & 12.4 Records	
Aid & Account Info	Application delayed Status unclear Record discrepancy Financial-aid info unavailable Reimbursement delayed Incorrect balance Incorrect statement Missing transaction Correction request

DEPARTMENT 13: FACULTY & STAFF CONDUCT

Privacy Rule: Conduct complaints must be handled confidentially by authorised HR/management personnel only.

Category / Subcategory	Specific Selectable Issues
13.1 Professional Communication & 13.2 Fair Treatment

13.3 Sensitive or Serious Conduct Concerns	
Serious Complaints	Harassment concern Threat or intimidation Misconduct concern Other confidential conduct complaint

DEPARTMENT 14: STUDENT LIFE, INCLUSION & GENERAL REQUESTS

Category / Subcategory	Specific Selectable Issues
------------------------	----------------------------

DEPARTMENT 15: TRANSPORT & COLLEGE BUS SERVICES

Context: Requires capturing Bus Route, Bus Number, Stop, Travel Direction, Date, and Time.

Category / Subcategory	Specific Selectable Issues
15.1 Bus Timing & 15.2 Routes/Stops	
Scheduling & Locations	Bus arrived late Left early Timing not followed Pickup/Drop-off delayed Trip cancelled Bus did not arrive Bus unavailable Timetable missing/incorrect Change timing request Did not stop at assigned stop Skipped stop Route info incorrect Point changed New route/stop request
15.3 Capacity & 15.4 Bus Condition	
Space & Maintenance	Bus overcrowded Insufficient seats Standing passengers Inadequate during peak hours Insufficient buses Additional bus/trip required Seat damaged Window damaged Door faulty Interior light not working Fan/AC not working Unpleasant smell Cleanliness issue Breakdown Engine problem Leakage Abnormal noise Emergency equipment issue Handrail damaged
15.5 Driver/Staff & 15.6 Transport Safety	
Behaviour & Safety	Unsafe/rash driving Sudden braking Unsafe overtaking Traffic-safety concern Driver/Staff behaviour concern Unprofessional conduct Unsafe pickup/drop-off Unsafe bus stop Poor lighting at stop Missing stop info Difficulty boarding Accessible transport request
15.7 Administration & 15.8 Suggestions	
Passes, Fees & Requests	Pass not issued Issuance/Renewal delayed Incorrect pass details Pass replacement Incorrect route allocation Transport fee discrepancy Payment not reflected Rules unclear Service expansion request Service improvement suggestion

DEPARTMENT 16: GENERAL / OTHER ISSUES

Context: Fallback department for issues not matching the structure. Needs explicit description.

Category / Subcategory	Specific Selectable Issues
16.1 Unlisted Problems & 16.2 Suggestions	
Other Reports	Problem not listed Other maintenance issue Other facility issue Other campus concern New facility/equipment request

3. Campus Building & Facility Directory

Pre-populated dropdown values for the 'Building/Facility' field.

3.1 HOSTELS & RESIDENCES

- GH1
- **GS2 (Confirm Official Name)**
- BH1
- BH2
- **Additional Girls Residence (Confirm)**

3.2 RESIDENTIAL SERVICES

- Mess Building
- Laundry Building

3.3 ACADEMIC BUILDINGS

- EB1
- EB2
- TB1 / Technical Block
- HSB
- Classrooms / Lab Areas

3.4 LRC FACILITIES

- LRC / Library
- LRC Reading Room / Study Area
- LRC Computer Labs
- LRC Printing / Photocopying Area

3.5 ADMINISTRATION

- Admin Block
- Administrative Service Counters
- Office Waiting Area

3.6 SPORTS & RECREATION

- Gym + Activity Centre
- Football/Volleyball/Badminton Courts
- Table Tennis / Billiards Area
- **Squash Court (Confirm Availability)**

3.8 CAMPUS COMMON AREAS & 3.9 TRANSPORT

Includes Main Gate, Roads, Pathways, Corridors, Staircases, Common Washrooms, Gardens, College Bus, Bus Route, Bus Stop, Pickup/Drop-off Points.

Note: Do not invent bus routes or stop names. Administrators must add verified routing data. Faculty/VC Quarters must only be added if students hold reporting privileges for those zones.

4. Exact Location Hierarchy

Conditional Depth Example:

Department → Category → Subcategory → Specific Issue → Building/Facility → **Exact Location** → Issue Type

Example inputs for Exact Location (Level 6): Ground Floor, Room 104, Washbasin near entrance, Lab workstation number, Bus number & stop.

5. Standard Issue Type Classification

This is a separate metadata field distinct from the specific problem, used for operational sorting. Websites should auto-suggest this based on the Exact Issue.

Repair / Maintenance	Broken, damaged, not working.	Cleaning / Hygiene	Needs cleaning or sanitation.
Equipment Failure	Machinery malfunction.	Equipment Shortage	Supplies are insufficient.
Water Supply / Plumbing	Taps, pipes, drains.	Electrical / Lighting	Fixtures, power, lights.
Internet / Network	Wi-Fi, LAN problems.	Food Quality / Safety	Dining concerns.
Service Delay	Process or repair is delayed.	Access / Availability	Facility inaccessible.
Incorrect Record / Info	Allocation/data is wrong.	Billing / Payment	Fees, receipts, refunds.
Behaviour / Conduct	Professional conduct concern.	Safety Hazard	Incident presenting risk.
Security Incident	Security-related event.	Transport / Scheduling	Timings, routes, stops.
New Facility / Request	Additional service needed.	Suggestion / Feedback	Recommendation.

6. Recommended Grievance Reporting Form

- **Department** — Required dropdown.
- **Category** — Required dropdown filtered by Department.
- **Subcategory** — Required dropdown filtered by Category.
- **Specific Issue** — Required dropdown filtered by Subcategory.
- **Building / Facility** — Required for location-based problems.
- **Exact Location** — Floor, room, zone, equipment number, or bus number.
- **Issue Type** — Suggested automatically, with authorised correction.
- **Issue Title** — Short description.
- **Detailed Description** — Context and specifics.
- **Date / Time** — Required for time-specific incidents.
- **Photo / Attachment** — Optional (never forced for sensitive complaints).
- **Confidentiality Toggle** — Provides restricted handling.

7. Database & Website Implementation Requirements

- **Entities:** Department, Category, Subcategory, SpecificIssue, IssueType, Building, Facility, Location, Grievance, Attachment, User, AssignedDepartment, StatusHistory.
- **IDs:** Use stable primary keys (UUIDs or sequence) for taxonomy categories to allow renaming without breaking historical records.
- **UX Flow:** Use dependent asynchronous dropdowns. Store names in the DB so administrators can edit them without frontend redeployment.
- **Conditional Logic:** Transport complaints must dynamically reveal fields for route, bus number, stop, and travel direction.
- **Routing:** Maintain assignment records and status history. Enforce strict programmatic access control on records flagged as confidential.
